

Dear Applicant

We are the School Council at Willow Tree Primary. We do lots of things to help our school, our pupils and the community. We also do lots of fundraising to help people in other countries who do not have toys or nice things. All the pupils at Willow Tree are polite and kind to each other and we would like a Head Teacher who is kind and polite too.

We will make you very welcome and we will always smile at you. We will always work hard and bring our lovely work to show you.

We would like you to be very hard working and always do your best to make our school the best in St Helens.

It would be nice for us if you could always smile, even when you are cross. We also think that it would be a very good idea if you had stickers and prizes for us when we work extra hard.

From the School Council
